Greetings to my Bravo Brothers,

Time is growing short. We only have roughly 90 days before our 2020 Bravo Reunion in Goldsboro, NC. We need to get those registrations in hand to ensure a successful event for all. If you haven't registered for the reunion yet, please do so without delay. Knowing how many guests to expect will help our host, brother Bob Best, finalize the plans he has for us. There is a time element here as well. You will find another copy of the reunion registration form included in this newsletter.

You will also find a copy of the reunion itinerary included herein. Once again, our special thanks to Pam Adams—who together with husband, Jim, hosted our 2018 reunion in Branson — for working with Bob Best and his team in Goldsboro to help make our 2020 reunion a great success.

In February, I received separate emails from two high school students at Westlake High School outside of Austin, Texas. For several years, Westlake High has been part of an impressive Virtual Vietnam remembrance effort which aims to honor each of the more than 58 thousand names on the Vietnam Wall. As we all know, nearly 100 of those names are from Bravo Company 3/22. Students receive individual names, which they are asked to thoroughly research and prepare a 3-5 minute video presentation, celebrating the life of the fallen veteran.

To date, students have prepared and posted more than 4,800 of these touching tributes, and this year two of our own are among those to be honored — Sgt. Lonnie Lundy (KIA 9/11/68) and Lt. Walter Hogans (KIA 10/5/69). If you knew either of these Bravo Brothers, please consider reaching out to these two young students to offer your thoughts.

I saw a number of written, first-hand personal recollections from fellow veterans in the videos that I reviewed. Even 50 years on, it can make a real difference in how friends and family remember the fallen. The Bulletin Board includes a bit more about this inspiring Virtual Vietnam remembrance project, including website links and contact information for the two students seeking comments and their faculty advisors.

I look forward to seeing as many of our Bravo Brothers as possible in Goldsboro in June. None of us are getting any younger, so let's all enjoy some of the time we have left with those with whom we have a truly unique experience as combat veterans. If there are Bravo brothers you would like to see in Goldsboro, now is the time to pick up the phone to say hello and urge them to attend.

Welcome back Bravo Brothers! I hope this finds all of you well.

Bill King (C 2/22) has notified us of the upcoming annual memorial for the LZ Gold and Suoi Tre casualties. His email is on our Bulletin Board.

In our December issue, I published an email from Michael Sanders (1st Platoon—7/67-10/67) in which he mentioned that his adopted Vietnamese daughter was graduating from college. The story sounded interesting, so I asked Mike to elaborate. His response is on the Bulletin Board.

Honorary Member Joy Shipley shared some helpful information about performing CPR on yourself in an emergency. It can be found on the Bulletin Board.

Work on our reunion is continuing. You must have your hotel reservation made by the end of this month to receive the Bravo discount. A full report and a registration form is included with this newsletter.

The 22nd Infantry Regiment is having their reunion on June 4 to 7, 2020 in Dallas, Texas. Full information is available directly from them.

John Ferrell (12-69/70) contacted us with information on Richard King (Medic—12-69/70). He apparently has never been a member. I called and have added him to our roster. Welcome Richard and thanks John.

Larry Winslow (Platoon Leader.—8-69/70) has contacted us with updated information, and has been moved to Active member status.

Eddie Crump (3rd Platoon—4-67/68) and Daniel Symon (3-68/69) have been moved to Inactive status due to their information no longer being viable.

With sadness, I must report that we received word of the passing of four Bravo Brothers: Benito Luna (2nd Platoon—6-69/70), John Kapor (3rd Platoon— Basic Only), James Thyne (2nd Platoon—7/70-5/71) and John R. Bode (FAC @ FSB Crook). Available information is on our Bulletin Board. A sympathy card has been sent to John Bode's family and additional information about his career is on the Internet. John Kapor was a contributor of many interesting articles for our newsletter.

Thanks to all who contributed to this issue. A special thanks to President Art Gormley for handling the remembrance project on our behalf. Our next issue will be out after the reunion in June and we will be accepting submissions through the end of our reunion. Until then, may peace be with you.

Virtual Vietnam Remembrance Project — In February, I received separate emails from two young students at Westlake High School near Austin, TX. They are gathering research for an ongoing Vietnam remembrance project honoring those named on The Wall. This year’s tribute includes two Bravo Brothers from our time in Vietnam: Sgt. Lonnie Lundy (KIA 9/11/68) and Lt. Walter Hogans (KIA10/5/69). Whether you knew them or not, please read on.

Both students are seeking first-hand memories and personal recollections from Bravo Brothers who served with Sgt. Lundy and Lt. Hogans. Hopefully, there are some among our members who knew these two fallen Bravo Brothers and are willing to help these young people memorialize them. Let’s remember, this is a tribute from our grandchildren’s generation helping to keep the memory of those we lost alive for future generations. Please help them if you can. I will leave the students’ names and email contacts at the bottom of this page.

Here is a link to the Westlake High website (<http://virtualvietnam.eanesisd.net/>) dedicated to this impressive remembrance project. A further link on the site will take you to the individual 3-5 minute video presentations which now number more than 4,000. Here is the description provided on the site:

As a companion research project to the book *The Things They Carried* by Tim O’Brien, students in our English III AP classes each research a person whose name appears on the Vietnam Wall. Students then create a presentation honoring the individual’s life and the time in which they lived.

This has been an ongoing project of the English III AP classes at Westlake for several years. To date there are over 4,200 videos housed on this website honoring the servicemen and women who gave their lives in Vietnam.

I visited the Westlake website and reviewed a handful of the video remembrances and found them all very moving. These were prepared by high school students and showed enormous caring and respect for their subjects and their sacrifice. Personal recollections of those who served alongside of them can add much to such tributes.

The school also accepts recommendations for future tributes. If there is a Bravo Brother you would like to see memorialized in this way, please contact the Westlake High faculty advisors (<http://virtualvietnam.eanesisd.net/contact>), offering a name and a willingness to provide some contacts and commentary their students can use in assembling their remembrances.

Submitted by Bill King (C 2/22) - Re: 2020 Suoi Tre Ceremony

To all of our brothers and sisters, Fort Carson is honoring the Battle of Suoi Tre fallen and those who returned home on Friday, March 20th. Again it is not a reunion, it is their yearly historical ceremony. The ceremony will be on the 20th rather than the 21st because of the Fort's prior commitments. It will be held at 10:00 or 10:30 am depending on how cool it will be. Hotel Elegante is offering rooms at \$69.00 for however many days you would like to stay (breakfast included). Call 719-576-5900 to make reservations using code 2658626 if you think you could attend. No special gathering is planned unless we get a quantity response. So far myself, Paige Lalnier, Jerry Cupp (3 from Colorado Springs), Ron Conrad (from Michigan), and Jim Neely (from Aberdeen, WA) are attending. Would love to see anyone else who could make it. Any family of the fallen, or families of those of us who made it home would be extremely welcome if you can reach any of them. Health permitting we will have a 99 year old World War II veteran guest in the audience. He was an E7 medical x-ray technician during the war. Hope all is well with all of you and your families.

Enclosed is the background story for my daughter. Liberating Vy from a hopeless future in Vietnam has got to be one of the few "right" decisions that I've made in my life. There's much more to the story, but then there always is.

The Shoe Inspector's Daughter — A skin and bones kid came dancing across the bedroom floor toward me shaking a baby bottle in her left hand and grinning joyously. That was my introduction to Vy Nguyen, the shoe inspector's daughter from Vihn Long, Vietnam. It was difficult to determine Vy's age at that time because she had been stunted by bouts of dysentery and TB. I later learned that she had calcium concretions in her lungs. Both Vy and her mother had to take antibiotics to knock out any residual TB germs once they reached the United States. Getting Vy out of Vietnam was not easy and it required the intervention of Representative Dicks from Washington and others. Vy attended Lowell Elementary in North Tacoma, WA and learned to speak English quickly. She graduated with honors from Gig Harbor High School and won a scholarship to the University of Notre Dame. Last summer, Vy studied the polarization of macrophages by calcium channels at Trinity College in Dublin, Ireland. Vy will graduate with honors from the University of Notre Dame on the 17th of May. She then hopes to go on to medical school and specialize in neurosurgery. She has come a long, long way from the Mekong River since I first met her in 2004 —to a large degree through her own efforts. I wish the survivors of 1st Platoon of Bravo Company could attend Vy's graduation. In a way, you all helped make it possible.

Submitted by Honorary Member Joy Shipley - CPR When You Are Alone

This comes from Dr. Patrick Teefy, Cardiology Head at the Nuclear Medicine Institute, University Hospital, London Ontario. Let's say it's 6:25 pm and you're home after an unusually hard day on the job. You're really tired, upset and frustrated. Suddenly you feel severe pain in your chest that starts to drag into your arm and up into your jaw. You are only about five miles from the hospital nearest your home. Unfortunately you don't know if you'll be able to make it that far. You have been trained in CPR, but the course did not tell you how to perform it on yourself. Since many people are alone when they suffer a heart attack, the person whose heart is beating improperly and who begins to feel faint, has only about 10 seconds left before losing consciousness. However, these victims can help themselves by coughing repeatedly and very vigorously. A deep breath should be taken before each cough, and the cough must be deep and prolonged, as when producing sputum from deep inside the chest. A breath and a cough must be repeated about every two seconds without let-up until help arrives, or until the heart is felt to be beating normally again. Deep breaths get oxygen into the lungs and coughing movements squeeze the heart and keep the blood circulating. The squeezing pressure on the heart also helps it to regain a normal rhythm. In this way, heart attack victims have time to get help or to a hospital.

Bode (then a Captain) was the FAC at FSB Crook and was awarded the Air Force Cross for that engagement. He flew day and night under the 1,000 foot overcast and directed both artillery and Army and Air Force fighters. He is one of the main reasons that Crook did not turn into a blood bath. John attended our reunion in southern California. Additional information on his career can be found on the internet under his name and then Veteran Tributes.
